

## Job Listing: LBA/BCBA

ABA Psychological Services, P.C. is a growing agency providing ABA services to autistic individuals in Long Island, Queens, and Westchester, NY. We are currently looking for an experienced, **New York Licensed** BCBA to work with these individuals and their families.

At ABA Psychological Services, P.C., we want to ensure that our BCBAs develop the highest level of skills both as clinical supervisors and direct service providers. To achieve this critically important goal, we provide BCBAs with ongoing advanced professional training and extensive supervision. Our BCBAs tell us that one of the reasons for the enormous satisfaction they receive from working at our agency is the enhanced professional training and supervision they receive.

In addition to enhanced, ongoing professional training, we offer a competitive financial compensation and benefits package, including paid vacation time and a matching 401K.

Salary is based on experience. Please call us for more detailed information.

### **Responsibilities include:**

- Conducting Functional Behavior Assessments and developing client-specific Behavior Intervention Plans
- Conducting skills assessments (e.g., ABLLS-R, VB-MAPP, etc.) and developing skill acquisition treatment plans
- Developing treatment plans based on the principles of ABA to address challenging behavior, communication, social skills, independent living skills, feeding, etc.
- Providing training and supervision to ABA Instructors
- Providing training to parents and other family members
- Updating treatment plans when necessary
- Designing data collection systems and analyzing data to evaluate the progress of clients
- Collaborating with parents and family members, teachers, paraprofessionals, related service providers, and medical providers to promote best outcomes for our clients.
- Making learning fun for our client
